## USB Charge & Sync Cables

When you've got things to do, ensure there's nothing to slow you down by using the best charging cables available.

Enecharger's new Charge & Sync cables feature the highest specifications available for the most popular USB standards: USB-A, USB-C™, Micro USB and Lightning™.

All cables are suitable for both charging and data syncing between devices. Each cable

features the fastest charging rate capability from 2.4A; up to 3.0A for USB-C™ cables.

Plus, some cables are rated USB3.1 Gen2 to provide up to 10Gbps data transfer speed - **that's 20x faster than USB2.0!**

With durable long strain connector relief and a braided 1.0m cord, premium Charge & Sync cables this tough are the only cables you're going to need.

Model	Picture	MFi Certified	USB-IF Rating	FAST Charge Current	Data Transfer Speed	Cord Length	Warranty
<b>CDC-A2LIGHTNING</b> USB-A to Lightning™		Yes	USB2.0	2.4 Amps	480Mbps	1.0m	2 years
<b>CDC-A23WAY</b> 3 in 1 MFi cable: USB-A to Lightning™, Micro USB, USB-C™		Yes	USB2.0	2.4 Amps	480Mbps	1.0m	2 years
<b>CDC-A2MICRO</b> USB-A to Micro USB		N/A	USB2.0	2.4 Amps	480Mbps	1.0m	2 years
<b>CDC-C2MICRO</b> USB-C™ to Micro USB		N/A	USB2.0	2.4 Amps	480Mbps	1.0m	2 years
<b>CDC-C2AGEN2</b> USB-A to USB-C™		N/A	<b>USB3.1 Gen2</b>	<b>3.0 Amps</b>	<b>10Gbps</b>	1.0m	2 years
<b>CDC-C2CGEN2</b> USB-C™ to USB-C™		N/A	<b>USB3.1 Gen2</b>	<b>3.0 Amps</b>	<b>10Gbps</b>	1.0m	2 years
