

POWER ON WITH UNIVERSAL

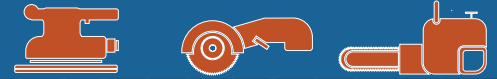

POWER TOOL CHARGERS

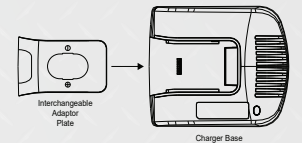

Interchangeable adaptor plate system that enables users to charge power tool batteries from a variety of brands on the same charger.

Compatible with Makita, Dewalt, Hitachi, AEG, Hilti, Bosch B&D, Milwaukee, Panasonic, Metabo, Ryobi and more.

*Compatible adaptor plates required. Adaptor plates are sold separately.

Simple to use, versatile charger

For 7.2V-20V Power Tool Batteries

- Multi-chemistry charger for NiCd, NiMH & Lilon batteries.
- Interchangeable tool battery adaptor plates *(sold separately)*.
- Max 2.5 hour charging limit protection.
- 2 x USB outputs to charge mobile phones & tablets while charging your tool battery.
- Built-in safety features.

Model: ACMTE

ACMTE Specifications	
Input	Output
100-240VAC, 50-60Hz, 1.2A, 70W	Adaptor Port: 7.2V - 18VDC 1-3A
SAA approved power cable	USB Port: 2 x 5VDC 2.1A max. each

For 21.6V-36V Power Tool Batteries

- Multi-chemistry charger for NiCd, NiMH & Lilon batteries.
- Interchangeable tool battery adaptor plates *(sold separately)*.
- Max 4 hour charging limit protection.
- 2 x USB outputs to charge mobile phones & tablets while charging your tool battery.
- Built-in safety features.

Model: ACMGR

ACMGR Specifications	
Input	Output
100-240VAC, 50-60Hz, 1.2A, 70W	Adaptor Port: 21.6V - 36VDC 1-2A
SAA approved power cable	USB Port: 2 x 5VDC 2.0A max. each
