

FUJITSU CHARGERS INCLUDING 2100 CYCLE BATTERIES

Just landed! New chargers from Fujitsu for AA and AAA rechargeable NiMH. Each charger comes with built in safety features, LED status indicators and 4 x AA 2100 cycle batteries included.

QUICK CHARGER (for 1-4 AA / AAA Cells)

Model: FCT344FX0ST

Fast charger with 4 x LED status indicators for individual charging channels.

Worldwide voltage input 100-240VAC.

Includes 4 x HR-3UTC rechargeable NiMH 2100 cycle AA batteries.

No. of Cells	Charge Time (approx.)
1 to 2	1.5 - 2 hours
3 to 4	3 - 4 hours

OVERNIGHT CHARGER (for 2 or 4 AA / AAA Cells)

Model: FCT345FX0ST

Standard charger with 2 x LED status indicators for each pair of cells.

Worldwide voltage input 100-240VAC.

Includes 4 x HR-3UTC rechargeable NiMH 2100 cycle AA batteries.

Cell Size	Charge Time (approx.)
AA (2 or 4)	6 hours
AAA (2 or 4)	5 hours

DRYPOWER RECHARGEABLE LITHIUM - LARGE CAPACITY MODELS

Large capacity Drypower Lithium Iron Phosphate battery models up to 200Ah are now available, completing the range to provide lead acid equivalents that are high capacity, light weight, and offer high cycle life (up to 2000 cycles) in a variety of applications. Comes with built in safety features including protection against overcharge, overdischarge, over temperature and over current.

IFR12-550-Y
12.8V 55Ah

7.2V 5.8Ah Lilon BIKE LIGHT BATTERY

High current Lilon battery with 2.1mm DC jack and fuel gauge. Perfect for high end bike lights.

5000mA high current Lilon battery features built in PCM protection and LED fuel gauge indicators.

A versatile portable power solution thanks to 2.1mm DC jack output, suitable for use in sports and cycling.

Specifications:

- Model: **LIBM-BLX402**
- 7.2V 5.8Ah
- 5000mA continuous discharge
- Panasonic Lithium Ion w/ PCM

NIGHT LIGHT WITH MOTION SENSOR

A guiding night light with motion sensor operation perfect for stairways, hallways, entrances, or the kids' bedroom.

- 25 lumen output.
- Integrated twilight and motion sensor.
- 0.3W Philips LED.
- Switch - ON / OFF / Sensor.
- Auto shuts off after 25 seconds in sensor mode.
- Includes 3 x AAA alkaline batteries.
- Mountable with integrated magnets, adhesive tape or eyelets.

Model: **1600-0095**

ENGINEER®

ENGINEER INC JAPAN

Professional Tools for Manufacturers and Engineers.

Crimpers, cutters, nippers, extractors and more, produced in Japan by the leading manufacturer for professionals.

2-in-1 HEAVY DUTY SCISSORS

PH-51

Trim objects that normal scissors wouldn't get through including nylon fiber, cabtite cord, Kevlar, copper braided wire, aluminium.

Stainless steel and HRC56-60 hardened 3mm thick blade with U-Type blade at base and Notched type blade at tip.

4-in-1 TETSUWAN GT SCISSORS

PH-55

Stainless steel scissors with unique 4-in-1 blade combination for multi purpose use:

- Flat blade - smooth cutting
- Micro serrated - non-slip cutting
- Wire cutting - suitable for copper/steel wire
- Flat bladed outer edge - open cartons/boxes

Includes protective blade cap.

UNIVERSAL MICRO CRIMPER

PA-09 / PA-20

- Suits some Molex, TYCO/AMP terminals.
- Suits JST PH, ZH, EH, NH series.
- Micro crimper with 4 different cavities of elaborate dies.
- Precise crimping of wire and insulation barrels individually.
- Crimp D-sub connector contact.
- Locking latch & coiled spring.
- Pliers made of S55C.

PA-09 = 20-32AWG
PA-20 = 18-28AWG

MICRO BLADE NIPPERS

NS-04

Ideal for precise PCB work.

- Heat treated for excellent cutting capacity and durability.
- Soft touch grip insulation and coiled spring ensures long comfortable work.
- Opening angle adjuster.
- Material - S58C; Hardness - HRC58±4
- Cutting capacity: copper wire ϕ 1.2mm

WIRE STRIPPER & CRIMPER

PA-05

Easily remove insulation from thin diameter wires without deformation.

- Strips solid core (AWG28 - AWG16) and stranded (AWG30 - AWG18) wires.
- Neat and precise finish to stripped wires.
- Integral crimping dies suitable for Molex, JST, etc.
- Spring loaded for easy and comfortable use.
- Made from S55C carbon steel.

TERMINAL PIN EXTRACTORS

PAS-30 to PAS-34

Spring loaded terminal pin extractors easily extract pins and socket contacts.

Use with connectors from Molex, JST and TYCO/AMP.

120 PIECE HEATSHRINK KIT

HSCTS-120

120 piece kit of clear heatshrink ranging from 2mm to 10mm OD in 100mm lengths.

60 PIECE DUAL WALL HEATSHRINK KIT

HSDW-60

60 piece kit of black dual wall heatshrink for extra tough and environment proof insulation.

3.2mm to 19mm OD in 76mm lengths. Shrink ratio 3:1. Max. electrical rating @600 Volts.
